

AQUA DEGREASER

Anti-Silicone Degreaser

PRODUCT DESCRIPTION

Aqua Degreaser is a water-based product especially designed to provide anti-silicone degreasing property. Easily removes grease, oil, silicone, wax, dirt and other contaminants from old paint, raw metal, plastics and other media.

SUBSTRATES

Thoroughly clean the surface with a cloth soaked in the degreaser. Dry carefully with a clean, dry cloth while the surface is still wet.
It is advisable to degrease a little at a time: avoid treating large areas simultaneously.

TECHNICAL DATA

Colour	Transparent
